SUMMARY

Highly motivated Data Science enthusiast with strong analytical and problem-solving skills. Proficient in Python, SQL, Excel, Power BI, and Django. Experienced in data analysis, machine learning, backend development, and visualization.

EXPERIENCE

Data Science Trainee

Nov 2025 – Present

- Performed data cleaning, preprocessing, and EDA using Python (Pandas, NumPy).
- Built Power BI dashboards to analyze KPIs and trends.
- Developed machine learning models for prediction tasks.
- Automated data workflows to improve efficiency.

EDUCATION

B.Tech in Data Science

2023 – 2027

Acropolis Institute of Technology & Research, Indore

CGPA: 7.16

Senior Secondary (Class XII)

2023

Holy Star School, MP Board

Percentage: 76%

Secondary (Class X)

2021

Holy Star School, MP Board

Percentage: 91%

SKILLS

Data Analysis

- EDA
- Data Cleaning
- Visualization

Programming

- Python (Pandas, NumPy)
- SQL
- Django
- Matplotlib

Tools

- Excel
- Power BI
- GitHub

PROJECTS

Retail Sales Data Analysis (EDA)

[GitHub](#)

- Performed EDA on retail dataset using Python; cleaned data and analyzed sales trends, customer behavior, and revenue patterns.

Student Management System (Django)

[GitHub](#)

- Developed Django-based web app with CRUD operations and backend APIs for efficient student data management.

Smart Travel Budget Planner (Python)

[GitHub](#)

- Built Python application for travel cost optimization with expense tracking and budget planning features.

Smart Classroom Seating System (Python)

[GitHub](#)

- Created automated seating system optimizing allocation based on constraints, reducing manual effort.

Satellite Data Analysis Dashboard (Power BI)

[GitHub](#)

- Designed interactive dashboard analyzing satellite data (1974–2016) to visualize KPIs, trends, and insights.

CERTIFICATIONS & ACHIEVEMENTS

- Python for Data Science – IIT Madras (NPTEL)
- Introduction to Machine Learning – IIT Madras (NPTEL)
- Data Science Foundation – Infosys Springboard
- Oracle Cloud Infrastructure AI Foundations Associate
- Oracle Cloud Infrastructure Data Science Professional
- **Winner – Web Development Hackathon (DCC Club)**
- **Finalist – HackWave 2.0**
- **Finalist – Codespire 2.0**
